

Make Your Own Noisy

1) Colour in Noisy's eyes, mouth, nose, eyebrows, hands and boots.

2) Write one of these fire safety messages on Noisy's sign,

- 'Working smoke alarms save lives!'
- 'Test me every week'
- 'Every home should have a Noisy'

3) Carefully cut out all of Noisy's parts and stick them onto your Noisy poster. You may need to ask a grown up to help you with this.

4) Put your Noisy poster on a wall where everyone can see it! Your poster will help the Fire & Rescue Service make sure every home has a working smoke alarm.
