

## Bernie Bear's Origami Firefighter's Helmet

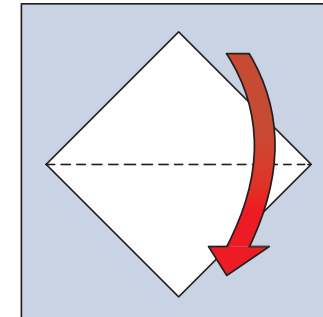

Follow the instructions to fold a firefighter's helmet out of a single piece of paper.

Challenge your adults at home to try it - I bet you do better than they do!

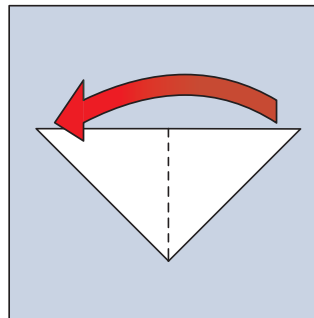

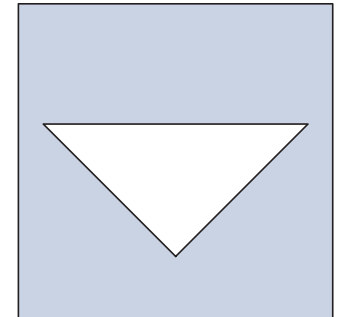

You will need a glue stick, A3 paper and felt tip pens.

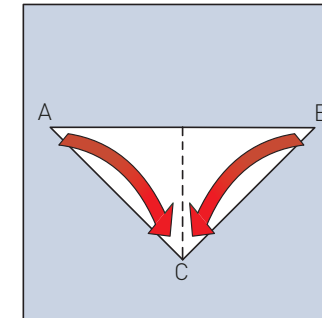

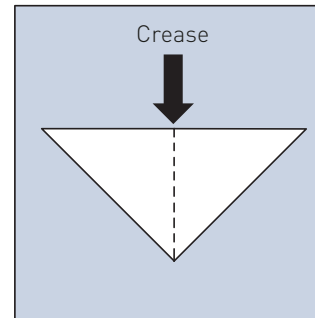

1. Take a sheet of paper and cut a strip off to make a square as shown.

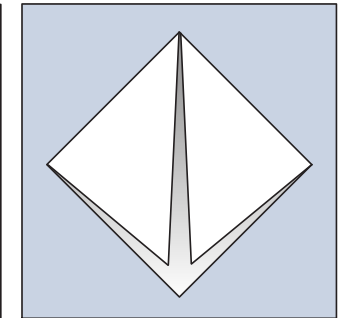

2. Fold the square in half along the dotted line.

3. Fold along the dotted line to make a crease as shown. Then fold back again.

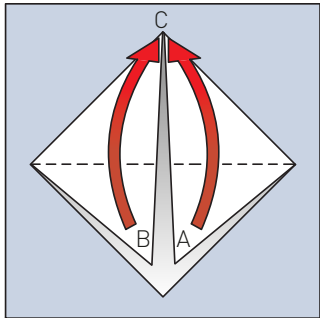

4. Fold corner A towards corner C and then fold corner B towards corner C.

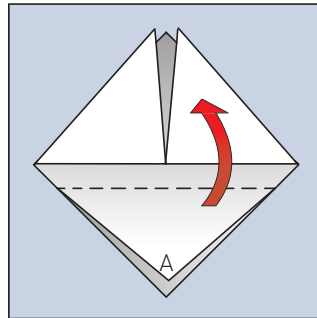

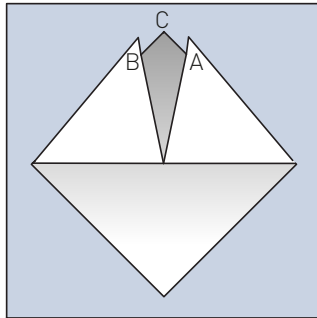

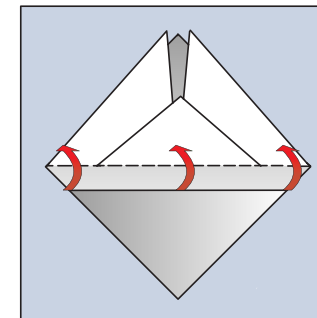

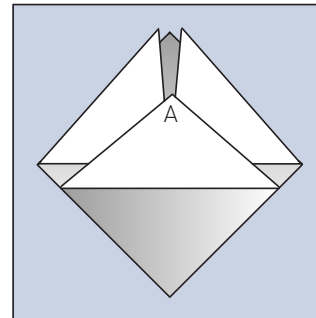

## Bernie Bear's Origami Firefighter's Helmet

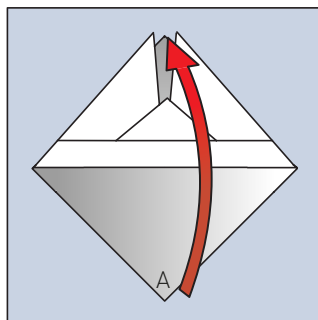

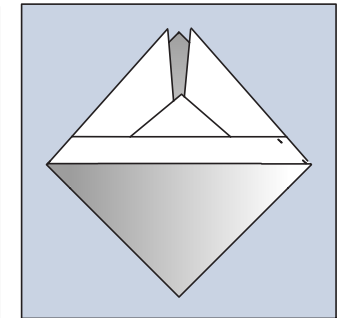

5. Fold corner A to meet corner C and then fold corner B to meet corner C.

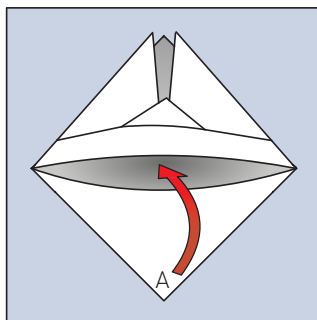

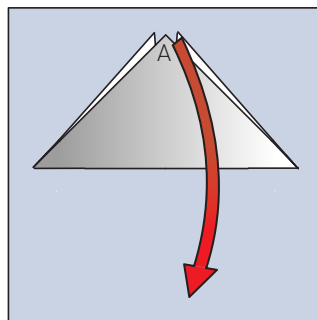

6. Fold the top flap A along the dotted line.

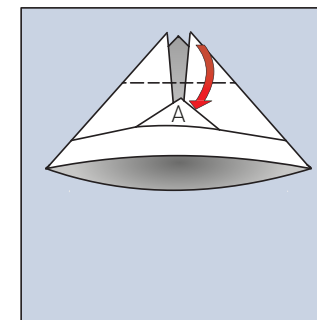

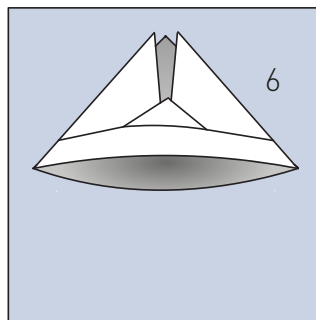

7. Make a crease along the dashed line then fold as shown.

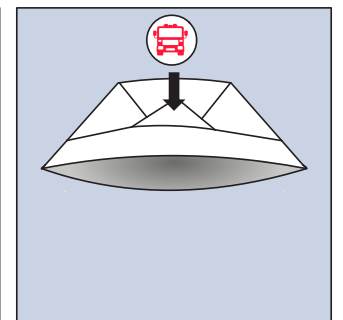

8. Fold corner A as shown and fold back again.

9. Tuck corner A inside the helmet as shown.

10. Fold the pointed top of the helmet over and tuck it under triangular flap A as shown.

11. Stick on the StayWise Fire Icon (left) and colour your helmet in!
